## THE BENEFITS OF KEEPSTOCK® SCAN

**Re-order supplies easily.** Create orders by simply scanning the barcode labels of your items in stock. This effectively reduces manual errors and saves lots of time in your ordering process!

**Streamline your purchasing process.** After scanning, connect the scanner to the computer to upload your scans directly into the Fabory webshop. Just check your order and hit the 'order' button and the goods are on their way. It's that fast! Of course you'll receive a confirmation of your order.

**Minimize time spent.** Insight in your purchase order history allows you to make quick and well-informed decisions about your inventory stock levels. Order administration is digital and easy via our webshop.

### WHAT ARE YOUR SAVINGS?

KeepStock Scan will save you time and money in the following areas:

- Inventory management → Just scan to replenish and optimize your stock levels.
- Order process → Connect, check and click 'order'.
- Administration → Simple digital order administration via our webshop.

### FABORY SUPPORT

Fabory will assist you with implementation and training to use the scanner. We'll supply the scanner, barcode labels and scanning software. Our reporting options give you a clear insight in your inventory usage and help you to take costs out of your business.

### HOW TO GET KEEPSTOCK® SCAN

1. Contact your Fabory contact person for more information on how KeepStock Scan can save you time and money.
2. Fabory's KeepStock specialists will assess your specific inventory needs with you and help choose the best solution for your specific situation.
3. Fabory will provide ongoing support to help ensure long-term success as your business and product needs change.
